What I Wish She Knew: My Personal Story + Planning Tips for Women

Join JALBCA for a moving conversation with Brittni Sennett. After losing her mother to breast cancer at 25, Brittni learned the importance of being financially prepared for life's uncertainties and turned this experience into her purpose: to ensure women have access to sound financial advice that supports them in living their most authentic life.

In addition to her personal story, Brittni will share the top planning tips she wishes her mom had received years ago as she now guides women to find clarity and confidence in their financial futures through her work as a financial advisor.

Event Details

Tuesday, March 12 / 1:00 – 2:00 pm
